

Appendix D

Revised Code of Washington (RCW) Chapter 38.52.070

Local organizations and joint local organizations authorized -- Establishment, operation -- Emergency powers, procedures.

- (1) Each political subdivision of this state is hereby authorized and directed to establish a local organization or to be a member of a joint local organization for emergency management in accordance with the state comprehensive emergency management plan and program: PROVIDED, That a political subdivision proposing such establishment shall submit its plan and program for emergency management to the state director and secure his or her recommendations thereon, and verification of consistency with the state comprehensive emergency management plan, in order that the plan of the local organization for emergency management may be coordinated with the plan and program of the state. Local comprehensive emergency management plans must specify the use of the incident command system for multiagency/multijurisdiction operations. No political subdivision may be required to include in its plan provisions for the emergency evacuation or relocation of residents in anticipation of nuclear attack. If the director's recommendations are adverse to the plan as submitted, and, if the local organization does not agree to the director's recommendations for modification to the proposal, the matter shall be referred to the council for final action. The director may authorize two or more political subdivisions to join in the establishment and operation of a joint local organization for emergency management as circumstances may warrant, in which case each political subdivision shall contribute to the cost of emergency management upon such fair and equitable basis as may be determined upon by the executive heads of the constituent subdivisions. If in any case the executive heads cannot agree upon the proper division of cost the matter shall be referred to the council for arbitration and its decision shall be final. When two or more political subdivisions join in the establishment and operation of a joint local organization for emergency

management each shall pay its share of the cost into a special pooled fund to be administered by the treasurer of the most populous subdivision, which fund shall be known as the emergency management fund. Each local organization or joint local organization for emergency management shall have a director who shall be appointed by the executive head of the political subdivision, and who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency management, subject to the direction and control of such executive officer or officers. In the case of a joint local organization for emergency management, the director shall be appointed by the joint action of the executive heads of the constituent political subdivisions. Each local organization or joint local organization for emergency management shall perform emergency management functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this chapter.

- (2) In carrying out the provisions of this chapter each political subdivision, in which any disaster as described in RCW 38.52.020 occurs, shall have the power to enter into contracts and incur obligations necessary to combat such disaster, protecting the health and safety of persons and property, and providing emergency assistance to the victims of such disaster. Each political subdivision is authorized to exercise the powers vested under this section in the light of the exigencies of an extreme emergency situation without regard to time-consuming procedures and formalities prescribed by law (excepting mandatory constitutional requirements), including, but not limited to, budget law limitations, requirements of competitive bidding and publication of notices, provisions pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase of supplies and materials, the levying of taxes, and the appropriation and expenditures of public funds.
